WELCOME TO OUR PLAY

Some notes to guide you through the Drive-Thru experience:

- ★ We realize there are many distracting noises. The performers are trying their hardest to make themselves heard! It may help to raise a window on the non-performance side of your car.
- ★ Performers should maintain social distancing and mask protocols. If-- for any reason-- you feel that the performers are too close to you, please roll up your window. It will cue the students to move their scene further away from your vehicle for your safety and comfort.
- ★ Please turn your headlights off during performances, but use them while moving scene to scene.
- ★ Move your car ahead during music interludes. Our crew will guide you through and help you park for optimum viewing.

Our Mission

Libertyville High School Theatre strives to cultivate DARING performers and artists who engage in the transformative process of theatre, foster community, and shine their light.

Director's Note:

We are truly so excited to share this show with you! We have long understood that theatre is a gift, and we are reminded these days that we cannot take any of our gifts for granted. It was important for us to cultivate an experience that could be shared in a meaningful way for both our students and our audience members. Thank you for joining us and helping make this come to life.

I want to send a special thank you to the students who explored this experience over these past weeks. They pulled off herculean efforts to make this happen, rehearsing almost entirely over zoom, working on props, lights, and scenery, and dedicating themselves to their passion for Theatre. Few things could make a Theatre teacher more proud than their positive demeanor, hard work, and continued ownership of their art. Additional special thanks go to Kevin Holly, who has brought his typical expertise and energy to making this production possible. He has worked with the crew students in creative and unique ways, helping make opportunities for students in LHS Theatre possible. We're lucky to have him.

The theme of A LOVE LETTER is simple: now, more than ever, we need love in our lives. It shapes us, binds us to others, inspires us, and challenges us to change. This show is our love letter to you: may the gift of theatre be something that shapes, binds, inspires, and challenges you... it certainly has for all of us.

We hope you enjoy the show!
